More Worlds to Conquer. KING FERDINAND PLANS TO INVADE ASIA MINOR.

to Jerusalem and Mesopotamia Is Cry to New Alexander.

Great Powers, Unmasked, Rush Troops to Strategic
Points on Their Frontiers to Be Ready for World War
the Moment It Breaks—Great Bazaar of Damascus
Burned—Greeks Blow Up Gunboat.

ATLANTIC CABLE BY WIRELESS OVERLAND TO THE TIMES.

LONDON, Nov. 24.—"On to Jerusalem" is the cry that is rising with sinister force from the Danube to the Volga in Greek Catholic Europe. King Ferdinand is planning to follow in the footsteps of Alexander the Great as far as Mesopotamia to liberate the Greek colonies from Moslem oppression.

The great powers are rushing immense bodies of troops to strategic points on the frontier.

The Panhellenic are considering the terms for an armistice between Turkey and the allies, which alone can prevent a general European conflict.

The Greeks blew up a Turkish gunboat in the harbor of Kavala. The Socialists of Europe threaten to call a general strike in order to prevent war.

LONDON, Nov. 24.—Tomorrow is to decide the question of peace in Europe. Tonight the situation is more serious than it was yesterday. Austria, Germany and Italy are all outwardly appearing as peace-loving nations. Today the mask was dropped. Troops are being rushed to strategic positions and the great powers are preparing for the worst.

The Armenians and Kurds are said to be ready to rise, while the Syrians and Jews in Mesopotamia are eager to turn on their old despotic masters. The Kadi of Bagdad was murdered by marauding Kurds following the departure of the Turkish soldiers to reinforce the army at Tchataldja. Asia Minor has been practically denuded of fighting men, and the general situation is one of anarchy.

There is no time in wiping off old scores. The great bazaar at Damascus has been burned and the fire is still attributed to accident.

There is no time in wiping off old scores. The great bazaar at Damascus has been burned and the fire is still attributed to accident.

MEANWHILE, in Constantinople, the Young Turks are planning a new revolution. Hundreds of arrests have been made, but the conspirators have given no names. The Sultan is said to be afraid to resort to drastic measures against the real ringleaders who are known and still at liberty. There is fear that Sultan Mohammed V will lose both his life and his crown before peace is declared and the official dismemberment of the Ottoman Empire.

The Greatest Thing in the World.

Mrs. Grover Cleveland.

The above late photograph Mrs. Cleveland prefers above all other portraits of herself. A favorite of the public ever since she was a White House bride, Mrs. Frances Folsom Cleveland has devoted the years since the death of the former President to the education of her daughter, whose debut into society occurred last week. Now comes a romance in which she and Prof. Thomas J. Preston, Jr. of Princeton are the principals, and which will mean the raising of wedding bells in the near future for the couple that is declared to be ideally mated.

LOSES CARNEGIE PENSION FOR THE SAKE OF LOVE.

[BY WIRELESS LINE TO THE TIMES.]

WASHINGTON BUREAU OF THE TIMES, Nov. 24.—[Special Dispatch.] The fact that Mrs. Grover Cleveland will lose her claim to the \$25,000 a year pension provided for ex-presidents and wives of ex-presidents, when she marries Prof. Thomas J. Preston, Jr. of Princeton, has increased the resentment that is noticeable in the comment upon the proposition to pay such a pension from private funds. It seems quite certain that Congress will act speedily to make provision that ex-presidents and their wives will be able in the future to keep the wolf from the door even under the most unfortunate circumstances.

Mrs. Cleveland, who is 45 years old, has been dragging no pension from the government. Her only prerogative has been the privilege of using a frank on her mail. However, she has a snug income from the modest fortune accumulated by Grover Cleveland in his latter days. When not abroad she has lived quietly at Princeton, and has devoted herself almost entirely to the education of her daughter, Esther, who made her society debut last week. Some time ago she has given to her trusteeship of Wells College of which she is a graduate.

Since the announcement of the Carnegie proposal to pension future ex-presidents and widows of Presidents conflicting statements have been printed concerning the fact as to whether Mrs. Cleveland and Mrs. Harrison were being pensioned by the government.

PENSION BILL PENDING.

Senator McCumber, who has been chairman of the Senate Pension Committee for the last eight years, said last night: "The statement that Mrs. Cleveland is receiving a pension is erroneous. So also is the statement that Mrs. Harrison has been pensioned. Congress has never authorized the payment of a pension to Mrs. Cleveland or to Mrs. Harrison."

ALVAH H. THOMPSON, chief of the finance division of the Pension Bureau, said: "Mrs. Garfield is receiving a pension. Congress has never authorized the payment of a pension to Mrs. Cleveland or to Mrs. Harrison."

GUESTS OF MRS. HAMMOND.

Mrs. Grover Cleveland and Miss Esther Cleveland will come to Washington early in the new year and will be guests of Mr. and Mrs. John H. Hammond. They will arrive on January 3 and on the following day Mrs. Hammond will give a tea for Mrs. Cleveland and Miss Cleveland, and the latter to meet many friends of her father and mother. Mrs. Hammond will give a ball for Miss Cleveland, probably on January 10. Mrs. Cleveland will spend a week here. Mrs. Cleveland will remain for the month of January.

MEXICO'S REIGN OF TERROR FAILS TO QUELL REBELLION

[BY A. P. NIGHT WIRE TO THE TIMES.]

MEXICO CITY, Nov. 24.—Not less than twenty-five villages have been destroyed in the State of Oaxaca in the last ten days by government troops. The administration believes the rebels in that vicinity have been cowed by the terrible warfare that has been waged and has ordered the retirement from that State of the greater part of the Federal forces.

Five hundred Indians have surrendered, but a large part of these were without arms, affording some guarantee to the execution summary. There is little, if any improvement in the general situation. In no less than forty engagements reported last week, the Federals claim victories, but these for the most part have been insignificant, since the rebels ordinarily retire as soon as possible, doubtless to save ammunition.

SUMMARY EXECUTIONS.

In spite of the fact that the Federals in all the districts infested by Zapatistas have been using the right conferred by the suspension of the guarantees to execute summarily, there is little, if any improvement in the general situation. In no less than forty engagements reported last week, the Federals claim victories, but these for the most part have been insignificant, since the rebels ordinarily retire as soon as possible, doubtless to save ammunition.

NEW YORK BUREAU OF THE TIMES, Nov. 24.—[Special Dispatch.] At least one man was burned to death, besides a score missing, when flames destroyed a Brunswick home for idiots, epileptics, and feeble-minded children at Amityville, L. I., this afternoon.

There were 100 inmates in the doomed building, 1400 more were in the Long Island home and Louden Hall, similar institutions nearby.

There was a pitiful scene of panic and terror as the afflicted inmates were led out of the institutions and carried to places of safety.

On the second floor of the burned building, fifteen men and children who were absolutely helpless from their afflictions were in grave danger. The building, old and of wood, burned with remarkable rapidity. The flames had eaten through to within a few feet of the room in which the helpless ones were lying on cots.

A few of the attendants and a few of the inmates able to be of assistance ventured into the room and carried out the helpless ones.

WOMAN'S SUFFRAGE VICTORIES GIVE
IMPETUS TO WELFARE MOVEMENT.
New Sense of Justice Reigns.

PHILADELPHIA (Pa.) Nov. 24.—At the jubilee meeting at Philadelphia, celebrating the victory for woman's suffrage in four States of the November election, Miss Julia Lathrop, chief of the Federal Children's Bureau, Washington, said:

"My purpose is to show that woman suffrage is a natural and inevitable step in the march of society forward; that instead of being incompatible with child welfare it leads toward it and is indeed the next great service to be rendered for the enlightenment of the home. Suffrage for women is not the final word in human freedom, but it is the next step in the onward march of equalizing the rights and balancing the duties of the two types with remarkable rapidity. The human race."

"This has been called 'the century of the child.' We may well believe that the coming century will see a new sense of justice toward the child, a new standard raised for his welfare. This century of the woman has made possible the century of the child."

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Nov. 24.—Thirty thousand locomotive engineers on fifty-two eastern railroads gain a partial victory in their demand for more wages, under the award announced today by the Board of Arbitration.

The board holds that the public, which had no voice in the controversy, had more at stake than the engineers or railroads, and emphasizes the necessity of plans to safeguard the public against the possibility of future strikes.

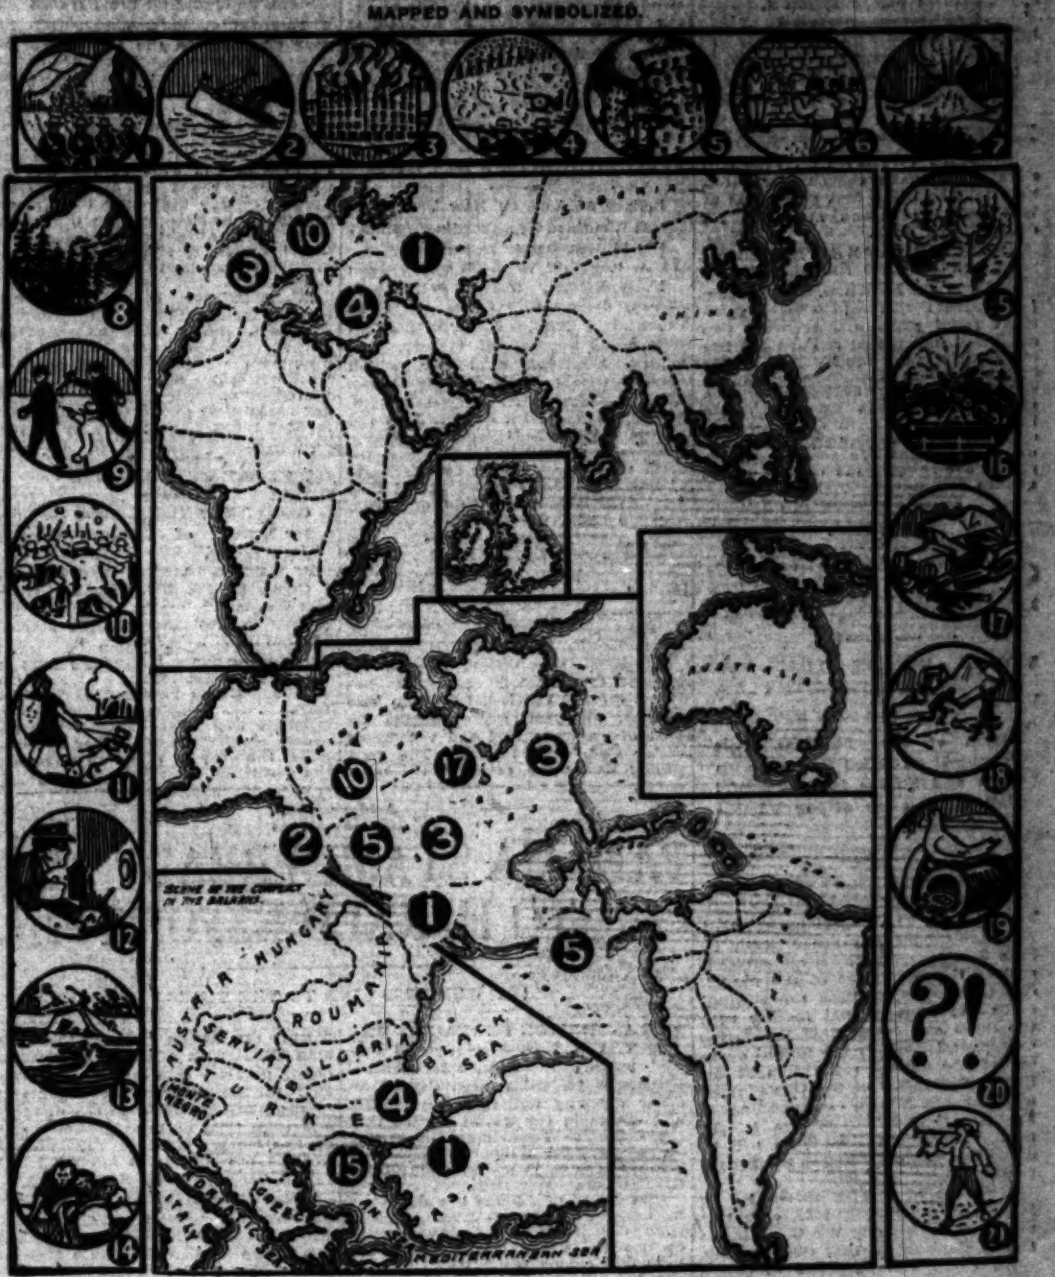

"It would be difficult to exaggerate the seriousness of such a calamity," says the report. "It is safe to say that the large cities of the west would find the supply of many articles of food exhausted within a week. The interests of the public so far exceed those of the parties to a controversy as to render the former paramount. To this paramount interest both the railroad operators and the employees should submit."

WAGE COMMISSION.

The board advocates the creation of Federal and State wage commissions. These commissions, the board suggests, should be created by Congress.

SHORT SESSION WILL BE BUSY.

Congress Will Reconvene a Week from Today.

House to Take Up at Once Appropriation Bills.

Amendment of Anti-Trust Law to Be Considered.

(BY WIRELESS LINE TO THE TIMES.)
WASHINGTON, Nov. 24.—[Special Dispatch.] Tests will be made at Sandy Hook of the new three-inch guns specially constructed to guard the Hawaiian, Panama Canal and Philippine defenses against invasion by hostile air craft. Experts say they can sweep the heavens clear of aerial enemies. The shells to be used are similar to those adopted by the French army. They burst after attaining a prescribed height and scatter a hail of bullets and slugs in all directions.

While the tariff is not scheduled for consideration this winter, the three months of the short session will be crowded by legislative work. In addition to the appropriation bills, Congress will be forced to dispose of a quantity of general and special matter left pending with the adjournment of the long session in August.

The early part of the session the House will be busy shaping appropriation bills, while the Senate is disposing of the impeachment trial of Judge Robert W. Archibald of the Commerce Court, set to begin December 1.

SENATOR WORKS RESOLUTION. Several important measures will be pushed for early action in the Senate among them the resolution of Senator Works of California, to limit the President to a single six-year term; the Sheppard-Knox bill prohibiting the shipment of liquor into prohibition States; and the vocational education bill of Senator Page of Vermont. The bill of Senator Borah creating a department of labor, is scheduled for early consideration.

The department of labor bill has passed the House, but that body would have to act on the vocational education bill and the six-year Presidential term measure if they passed the Senate. The prohibition liquor measure will be pushed in the House by Representative Sheppard of Texas, who will succeed Senator Bailey in the next Congress.

THE RECIPROCITY AGREEMENT. Energetic efforts will be made in both houses to secure legislation amending the Sherman anti-trust law and limiting contributions to campaign funds. Efforts will be made to repeal at least a part of the Canadian reciprocity agreement on banking and currency now in Washington do not expect any action on currency legislation during the short session.

The House Committee on Banking and Currency will proceed with its investigation of the currency and credit situation with considerable difficulty and it may be unable to complete its investigation early enough to submit any measures before March 4.

SETTLER SLIGHTLY SHAKEN. Two seismic disturbances felt in Washington State but no damage in Done.

SEATTLE (Wash.) Nov. 24.—Two slight earthquake shocks were felt here tonight. The first shock was at 7:30 and the second at 8:15. No damage was done.

BELIEVE QUAKE VICTIMS. (BY DIRECT WIRE TO THE TIMES.)
CITY OF MEXICO, Nov. 24.—[Exclusive Dispatch.] The government relief expedition reported this afternoon that it had rescued 115 living victims under the ruins of Acapulco, which was totally destroyed. The victims were without attention or food since Tuesday. Charges are impending against the local authorities of criminal neglect. The estimated dead under the ruins are 300. Zapatista guerrillas are robbing the victims. Slight quakes continue.

STARTS FIGHT IN D.A.R. RANKS. WOMEN RESENT PLACE ACCORDED CONFEDERATE FLAG.

Action of Mrs. Matthew Scott placing it on equal footing with Stars and Stripes in Continental Hall Arouses Ire of Big Faction of Daughters.

(BY WIRELESS LINE TO THE TIMES.)
WASHINGTON BUREAU OF THE TIMES, Nov. 24.—[Special Dispatch.] As a result of the order given by Mrs. Matthew Scott, president-general of the Daughters of the American Revolution, placing the Confederate flag on an equal footing with the Stars and Stripes in decorating Continental Hall for the formal opening of the annual convention of the United Daughters of the Confederacy a bitter controversy is promised in the annual meeting of the D.A.R. next April, when Mrs. Scott will be asked to explain her action to the convention.

A faction of the Daughters, led by Mrs. Mary Lockwood, took exception to the order placing the Confederate flag in Continental Hall that evening. An effort will be made to obtain the adoption of a resolution prohibiting the placing of any flag on an equal footing with the Stars and Stripes in decorating the hall, no matter what the occasion.

As a result of the controversy two Southern women were announced as "disgraced" for the position of president-general of the Daughters of the American Revolution, and their right will be made direct on the flag question. These candidates are Mrs. Cora Jamison of Virginia, and Mrs. Charles Bryan of Tennessee.

In defense of her order Mrs. Scott has sent to Mrs. E. W. Weeks, chairman, recording-secretary-general of the United Daughters of the Confederacy, a statement showing that she consulted President Taft before taking action on the matter.

TO FILL AIR WITH BULLETS.

Guns Designed to Destroy Aircraft Will Be Tested at Sandy Hook.

Timing Up.

HOUSE MAY OPEN "PORK BARREL."

DEMOCRATIC MOUTHS WATERING FOR BUILDING BILL.

Now that Election Is Thing of the Past Leaders Look With Favor Also on River and Harbor Measure that Would Carry Heavy Appropriation.

(BY WIRELESS LINE TO THE TIMES.)
WASHINGTON BUREAU OF THE TIMES, Nov. 24.—[Special Dispatch.] The prospect of legislation of the "pork barrel" variety, is beginning to loom up big as the time draws near for the opening of the short session of Congress. The Democratic leaders, with the election a thing of the past, are now quite agreed that a public buildings bill, carrying something like \$25,000,000, would not be a bad thing for the country. Likewise, it is their belief that a river and harbor measure providing for a continuance of work on projects already authorized, should be reported from the committee early in the session. This bill, according to estimates by the House experts, should carry an appropriation of not less than \$20,000,000.

GREAT NAVY. There are other evidences already apparent on Capitol Hill that the short session will not adhere closely to a policy of passing only the appropriation bills that are necessary for the upkeep of the government. In the air is talk of a renewal of the fight for a greater navy; Representative Sulzer, Governor-elect of New York, is expected to lead a fight for two or more battleships at the short session.

Many Democratic leaders have arrived and are busily engaged in working out a legislative plan. Speaker Clark is in daily consultation with his associates and Majority Leader Underwood will be here Monday.

Subcommittee of the House Appropriations Committee have been at work on the various big supply bills.

ALLEGED BRIBERY THREAT. Ledger of Accused New York Official Identified by Subordinate Showing Million-Dollar Deposit.

(BY A. P. NIGHT WIRE TO THE TIMES.)
NEW YORK, Nov. 24.—Henry J. Walsh, deputy City Chamberlain, at the trial of Charles A. Hyde, his former chief, accused of bribery, yesterday identified a ledger which showed that in 1910, during Hyde's administration, as Chamberlain, \$1,000,000 had been deposited by the city in the Carnegie Trust Company.

Hyde is alleged to have forced Joseph G. Robin to lend the Carnegie Company \$100,000 under threat that he would withdraw city funds from Robin's bank in the North.

CLASH AT GUZMAN EXPECTED TODAY.

(BY A. P. NIGHT WIRE TO THE TIMES.)
EL PASO (Tex.) Nov. 24.—An encounter tomorrow is expected between the 500 rebels led by Gen. Ines Salazar, who yesterday evacuated the port of Palomas, and 400 volunteers under Gen. Jose Elias. The opposing forces are expected to meet.

ONE FOR A DIME. The subject is "Discovery of San Francisco bay" from a painting which depicts the discovery of the bay looking out upon the distant bay.

Postmasters are notified that they should make application now for the stamps. The Panama Pacific stamps will be issued in sheets of seventy.

The Postmaster-General has directed that the stamps shall be sold beginning January 1, 1913, and postmasters who receive them earlier are forbidden to place them on sale before that date.

The Postmaster-General also directs that the Panama-Pacific stamps are not to be sold to the exclusion of the regular issue of postage stamps.

Locks and Dams Ready for Traffic.

Portals Swing Open.

Miss Helen Taft, the President's daughter, last week pressed the button that opened and closed the mighty Gatun locks of the Panama Canal and of which a picture taken lately appears in the lower panel, while above it is a picture of the Pedro Miguel locks, giving an idea of the arrangement of the gates. As engineering feats these locks and gates compare with any of the seven wonders of the ancients. On the 3-cent postage stamp commemorating the Panama Exposition will be a picture of the Gatun locks.

near Guzman, on the Mexico North-western Railway, southwest of Juarez. It is the problem of the Federals to prevent a junction between Salazar's forces and other groups of rebels in the State of Chihuahua, but repeated appeals for aid have met with no response from Gen. Talles, commander of the sons of the city of Chihuahua, the State capital. Gen. Talles declares that only two small groups of bandits menace the State, while Gov. Abraham Gonzalez has asked President Madero for 10,000 additional troops to avert a critical condition.

HUNTERS FEAST ON GOOSE STEAK.

For Thousand Sportsmen Gather at Sacramento.

Costs from All Over Country at Unique Dinner.

Event Most Successful Kind Ever Recorded.

For a week prior to the feast, hunters were engaged in procuring the 1500 wild geese served in the stew. Some of the visitors participated in the hunt as well as the feast. Immense brick chimneys were erected at the feast grounds and big iron kettles provided for the cooking of the geese. The feast was held for 3000. It was necessary to serve the guests in relays. The first relays were served at 10 o'clock and the last at 11 o'clock. All the guests were entertained.

For a week prior to the feast, hunters were engaged in procuring the 1500 wild geese served in the stew. Some of the visitors participated in the hunt as well as the feast. Immense brick chimneys were erected at the feast grounds and big iron kettles provided for the cooking of the geese. The feast was held for 3000. It was necessary to serve the guests in relays. The first relays were served at 10 o'clock and the last at 11 o'clock. All the guests were entertained.

Bank's Refusal to Extend Credit Starts Trouble.

BY A. P. NIGHT WIRE TO THE TIMES.

REGINA (Sask.), Nov. 24.—(Exclusive Dispatch.) A town on the Grand Trunk Pacific Railroad, ninety miles north of here, is in a state of riot bordering on armed warfare. According to advices received here today, Charles Riddett, editor of a local paper, was waylaid, stripped of his clothing and coat of tar and feathers applied to his body. Yesterday friends and enemies of Riddett took sides. Riddett's friends, it is said, are in a hardware store, being afraid to venture outside. A squad of mounted police left here today armed with warrants for the arrest of several leading citizens of Riddett.

The trouble is said to have started over the refusal of the Riddett bank to extend credit to some of the merchants and the agitation for the establishment of a new bank in a rival town, to which they declared they would transfer their business.

LEAD POISONING CASE.

Los Angeles Woman Charged With Killing Two Others in Missouri.

BY A. P. NIGHT WIRE TO THE TIMES.

SEDALIA (Mo.), Nov. 24.—When Mrs. Ellen Lesh, charged with poisoning two women in Pettis county, Missouri, several years ago, appears in the criminal court here tomorrow she will plead not guilty, her attorney said tonight, to the charge of having caused the death of Mrs. Elizabeth Quaintance at Green Ridge, Mo., in July, 1904. After she is tried on this charge the case in which she is accused of poisoning Mrs. Ellen Lesh will be taken up.

Louis P. Luttrell, a Texas farmer and an uncle of Mrs. Lesh, arrived here today to remain until the conclusion of her trial. Luttrell and Mrs. Lesh had never met before. Luttrell said he had heard of his sister, the mother of Mrs. Lesh, for twenty years, and he does not know whether the father of Mrs. Lesh is living.

Luttrell came here from Jackson, Ill., where he assisted in the settlement of an estate which he said was valued at \$75,000, and of which he and the mother of Mrs. Lesh are two of six heirs.

ASK FOR DEATH PENALTY.

Fate of Lawrence Strike Leaders Will Likely Be in Hands of Jury Early Today.

BY A. P. NIGHT WIRE TO THE TIMES.

RALEIGH (Mass.), Nov. 24.—The fate of Joseph J. Egan, Arturo Giovannitti and Joseph Caruso, who have been on trial here for the murder of Anna Lopiano in the Lawrence strike, probably will be in the hands of the jury early tomorrow. The jury announced that they would deliver their verdict Monday morning.

Though Egan and Giovannitti pleaded absolutely innocent, they are asked, if adjudged guilty, that they be given the death penalty.

Two strike leaders are accused as accessories to the murder before the fact in that it is alleged their speeches during the strike incited workers to rioting, which ended in the Lopiano fatality.

Caruso is charged as an actual participant in the riot and with stabbing Officer Oscar Bennett at the time the Lopiano woman was shot.

Hundreds of sympathizers from Lawrence are expected to arrive here early tomorrow.

PITH OF THE DAY'S NEWS FROM THE MIDDLE WEST.

BY DIRECT WIRE TO THE TIMES.

CHICAGO BUREAU OF THE TIMES, Nov. 24.—(Exclusive Dispatch.) Chicagoans awoke this morning to find an inch of snow covering everything, while a northwest gale of twenty miles an hour was dispersing the lingering traces of summer. Maximum temperature was 37. The minimum was 23 degrees, cold enough to freeze up all still ponds. Snow flurries are reported all over the Central West and portions of the Middle West and Northwest. Other temperatures:

BY WIRELESS LINE TO THE TIMES.

BOSTON, Nov. 24.—(Special Dispatch.) The Massachusetts State Society, Daughters of the American Revolution, voted at the closing session of the two days' annual fall conference to indorse the bill to pension worthy widows with dependent children. The resolution was adopted by a vote of 110 to 10. The bill provides that a widow with dependent children, if she is unable to support them, may receive a pension of \$10 to \$12 a month for their support. She continued: "Why not pay the mother something to keep her family together instead of separating her from her children and paying strangers for caring for them."

"It is not only a question of sentiment, but a question of good citizenship. No one is more anxious than I am to see the future of their children."

Latest Army Order Sends Eight Captains of General Staff Back to Commands.

BY A. P. NIGHT WIRE TO THE TIMES.

WASHINGTON, Nov. 24.—The so-called "Manchu order" was much evidence yesterday in the heart of the army, when eight captains of the general staff were sent back to their commands, scattered over the country. Three other captains and two lieutenants who, though not of the general staff, have been doing duty therein, will join them. Altogether, today's army orders show a list of several scores of officers, now on duty in the military colleges of the country and in army service schools, who are to go back to their commands, giving place to new men.

MADE FORTUNE IN MAGIC SIGNS.

RAN BUSINESS BY PALMISTRY AND PHRENOLOGY.

Declines, However, to Turn Is Over to Son Because Latter Preferred More Practical Lines in Soliciting Employees Than His Father, Who Founded the House.

BY WIRELESS LINE TO THE TIMES.

CHICAGO BUREAU OF THE TIMES, Nov. 24.—(Special Dispatch.) Belief in signs—no advertising, but magic—made a fortune for Dr. Z. Marx, Sr., out of the Zero Marx sign works, No. 215 West Superior street. Now he is ready to retire, but he steadfastly refuses to turn over the business reins to his son, Walter, because the young man insists upon conducting the works along practical lines. As a result the tangle has been taken into the courts, the son demanding that his father retire and turn over 25 shares of the business to him as per agreement.

The son asserts that phrenology and a dozen "isms" that business men never heard of are consulted by his father to decide the hiring and discharging of employees as well as the closing of important deals. He sets out that an applicant in one instance was sent by his father to a phrenologist and a palmist, and was gaged only after the experts reported that the form of the head and the lines of the hand stamped the applicant as an honest man. The son avers the promise of stock was an incentive only used by his father to interest employees in their work.

The father, according to the son, did not even in a psychic or a spiritist. Instead, it is charged, he boasted of having nagged his employees until they left his employ, so their request for the promised stock would no longer bother him.

Dr. Marx, who is 65 years old, is a firm believer in "thought waves."

Athena Denies Cable Report of Jewish Massacre.

(BY CABLE AND A. P. TO THE TIMES.)
ROME, Nov. 24.—Servia's difficulty in extending her territory as far as the Albanian coast of the Adriatic has been augmented by Austria's refusal to understand that she is bound to adhere strictly to the agreement concluded with the Marquis Visconti Venosta when he was Austrian Foreign Minister in 1911 by which Austria and Rome pledged themselves not to occupy any Albanian territory. They also agreed that time not to support any territorial changes in that region except the event of Albania becoming annexed.

Austria considers herself therefore obliged to stand by Austria, notwithstanding her sympathy for the Greek state.

King George of Greece, King Nicholas of Montenegro, King Peter of Serbia and King Ferdinand of Bulgaria are all in the field, in person, leading their troops to victory. They appear in the above picture in the order named. Austria and Germany maintain that these Kings, who ostensibly acknowledge no overlord, get their orders from the Czar at St. Petersburg, who is anxious that the Slavs should have a part on the Mediterranean, as his own ports are either ice-locked the greater part of the year, or like those on the Black Sea are restricted by international agreement.

THE FOUR BALKAN KINGS TAKE FIELD IN PERSON.

BY PAUL LAMBETH.
(BY CABLE AND DIRECT WIRE TO THE TIMES.)

LONDON, Nov. 24.—It is rather remarkable that the four Balkan Kings are in the field in person, King George of Greece marching on Janina, King Peter of Serbia being at Monastir, King Nicholas of Montenegro at Scutari and King Ferdinand of Bulgaria at Thessalonika. The right wing of the Bulgarian army in front of the Greek lines is thus threatened. The Bulgarian troops made a few attempts to drive back the Greek lines after an hour's fighting and then retired.

TRAMPLED TO DEATH AT MOVING PICTURE SHOW.
Film Ignites and Operator Loses Nerve—Flames Extinguished Quickly, but Too Late to Prevent Crowds from Rushing to Exit, Fighting to Gain Open Air.

(BY CABLE AND A. P. TO THE TIMES.)
BALBOA (Spain), Nov. 24.—A terrible panic was caused here this afternoon by the cry of fire at a moving picture show. About fifty children and others were killed. Only one woman up to a late hour tonight had been found among the dead. The number of injured is not known, as most of them were taken home by friends.

The scene of the accident is a large circus, which had been converted into a continuous cinematograph show. As the price of admission was only 2 cents, the building was crowded. For the most part by women and children.

The operator of the machine, who was in the building, was killed. His nerve when a film ignited and screamed "fire." He was able to extinguish the flames himself without difficulty, but the effect of his cry upon the spectators was instantaneous. Almost everyone within the building sprang up. Police and attendants were swept away by the surging mass which sought to fight a way to the exit. Scores were trampled down and trampled upon and many were crushed to death in the passages from the galleries and to the streets.

The disaster caused frenzied crowds to assemble outside the building and the authorities had great trouble in

NEW YORK'S FIRST SNOWFALL.

Reports from Adirondacks Indicate It Was General Over Highlands. Twelve Inches in Depth.
(BY WIRELESS LINE TO THE TIMES.)
WATERTOWN (N. Y.), Nov. 24.—(Special Dispatch.) The first snow of the winter fell generally throughout New York tonight. Several inches of wet, soggy snow fell here at 9 o'clock. Reports from the north indicate the fall was general to the west of the Adirondacks. Some regions in the remote sections of the woods report a fall of snow as deep as twelve inches.

Well Dressed Man of Forty-five Believed by Police to Have Committed Suicide.
(BY A. P. NIGHT WIRE TO THE TIMES.)
STOCKTON, Nov. 24.—The body of a well-dressed man, about 45 years old, was found today in Stockton channel. The finding of a hat and coat nearby, believed to have belonged to the dead man, led the police to conclude that he had taken his own life. No marks of identification were found.

THE STATUS OF MACHINERY.

WASHINGTON, Nov. 24.—(By A. P. Night Wire.) Responding to the vigorous protest of ship-building interests, the Treasury Department with the endorsement of President Taft, announced today that machinery is not entitled to free entry to the United States under the new free ship law. Only materials for the construction of machinery will come in free.

"THIS CANNOT CONTINUE"

SAYS JUDGE ANDERSON.

Refers to Anarchistic Article in Union Magazine as "An Outrageous Contempt"—District Attorney Will Ask that Bonds of Six Leaders on Trial at Indianapolis Be Doubled.

(BY A. P. NIGHT WIRE TO THE TIMES.)

INDIANAPOLIS, Nov. 24.—Whether the bonds of six more of the accused dynamite plotters, are to be increased is to be placed tomorrow before the Federal court.

Dist. Atty. Miller said tonight he would ask the court to rule on a motion for doubling the bonds of Frank M. Ryan, president of the ironworkers' union; John T. Butler, Buffalo, vice-president; Michael J. Young, Boston; Philip A. Cooley, New Orleans; Eugene A. Clancy, and Olaf A. Tvettnoe, San Francisco.

Young and Clancy were named by Ortle E. McManigal as having met him on his dynamiting trips. Cooley is a member of the union's international executive board; Tvettnoe was charged by the District Attorney with having published criticisms of the trial "an anarchistic as those printed in the Union Magazine by Mary Field."

It was the article by Miss Field which Federal Judge Anderson denounced in court as "an outrageous contempt" in reference to the criticisms of the trial by the defendants. "If society is to hold together this thing cannot continue."

Herbert S. Hockin, secretary of the union, whose \$10,000 bond was increased to \$20,000 after a witness had testified he had been accepting pay for information about the dynamite before they were arrested, was in jail tonight.

The testimony of Lindsey L. Jewel, an official of a construction firm in Pittsburgh, that Hockin had disclosed the location of hidden nitroglycerine as early as August, 1910, and had fully described the latest court developments at Indianapolis.

A detective, shortly after the explosion, although arrests were not made until four months later, and that Hockin had trailed the dynamiters about the country at the direction of Burns, called attention to McManigal's confession.

In his confession, McManigal said he told J. J. McNamara that Hockin was betraying the locations of hidden explosives. In the interval between the time the dynamiters hid the nitroglycerine at Rochester, Pa., and the

whose excessive eagerness for newspaper notice I have hindered by refusing to endorse his claim that he is the man chiefly to be credited with the discovery and the capture of the members of the dynamite gang."

ANTI-WAR CONGRESS BEGINS.

Five Hundred Delegates Representing All Nations, Attend Big Gathering at Basel, Switzerland.

(BY A. P. NIGHT WIRE TO THE TIMES.)
BASEL (Switzerland), Nov. 24.—The opening session of the Social International Congress which is being held here in opposition to war, was attended today by 500 delegates representing all nations. Thirty thousand persons joined in a parade through the gaily decorated streets to the cathedral, where addresses were delivered in various tongues. Four platforms were erected outside and speakers harangued great crowds which were unable to find room within.

PRISONER HAS LOADED GUN.

Recaptured Life Convict from Michigan Handed Automatic to His Captor After Long Ride.

(BY A. P. NIGHT WIRE TO THE TIMES.)
ALBUQUERQUE (N. M.), Nov. 24.—Dick Riley, an escaped life-convict from the Michigan State Penitentiary at Jackson, who was captured a few days ago at Bakerfield, Cal., passed through here tonight on his way back to prison, in the custody of a guard.

Riley's captor told a remarkable story of how his prisoner, after riding with him 600 miles, had reached into his shirt front, drawn forth a loaded automatic pistol and handed it over to the guard with the remark: "I guess I need this any more." Riley declared he had become tired of dodging officers since July 25 last when he effected his escape. He was sentenced to prison for highway robbery, in which he shot his victim.

Figures in Matrimonial Tangle.

Bertha Backman (standing) of this city, who alleges that she was the third of four girl brides whom she claims were married by a man named Lee.

She asserts that she deserted him an hour after their marriage in Salt Lake and that the fourth, Mabel Tanner Lee, left him after an almost equally brief period in Lodi. The other is her sister, Mrs. W. J. Carrigan, who figures as a sort of self-appointed Nemesis for Lee.

Tanner left him at Lodi, Cal., on Saturday. The large sum of money she says he gave her she proposes now to use against him.

Charged with beating his wife, Mabel Tanner, who was married to him November 13, Lee was sentenced to 240 days and twenty-five days in jail by Justice Henning at Lodi. He cried so bitterly that he was given a suspended sentence.

C. H. Tanner, the bride's father, had him arrested. Lee was ordered by the justice to leave town. This he promised to do and officers escorted him to the train.

The girl, who left him Saturday, is at her parents' home at Woodbridge in a state of nervous prostration, according to telegraphic dispatches. Lee is believed to have gone to San Diego, where he has large property interests. The girl is 17.

Bertha Backman says she was married to Lee at Salt Lake City March 23, that she left him almost immediately after the ceremony and that the marriage was annulled later.

Her sister, Mrs. W. J. Carrigan, figures as the real Nemesis in the case, according to her own statement. She stood back of her younger sister throughout the Salt Lake case, and declared last night the girl had turned most of the money Lee is claimed to have given Bertha over to her and with it she intends to prosecute him.

Her first step, she says, will be to get into communication with Mabel Tanner or her parents, and with them outline a plan of action.

"Lee is worth approximately \$250,000," she said. "The foundation of his fortune he laid in the diamond trade in England, where he married his second wife. She is now dead. There were circumstances coincident and subsequent to her demise which caused something of a sensation."

"I met him first when my mother rented a house at No. 222 West First avenue, south, Salt Lake City. He said he was going to England in a few weeks and asked if he could

WISCONSIN TOURIST Suddenly Stricken on Train—Strikes Wife as She Tries to Care Him.

Christian Schmidt, an elderly tourist from La Crosse, Wis., en route to San Bernardino, where he has friends and relatives, was suddenly stricken with a heart attack yesterday morning when the Overland Limited, upon which he and his wife were traveling, entered the trainshed at the Arcade depot.

The man gave the name of George Wilson. He was held in the County Jail for a month, being released on April 20. In the interim the man's possible counterfeiting record was investigated by Federal secret service operatives and attaches of Chief of Police Cook's office. As no further incriminating evidence could be found against Riedelbach he was ultimately released from custody. Riedelbach readily admitted in his closely guarded cell at the Central Station yesterday that he was arrested and detained on the charge stated.

"The money was given to me to change at a store," said the prisoner. "I looked good to me, but I got sick and I tried to get to the store. They tried to make me admit that I made it. Then they attempted to force me to confess that I was a member of a counterfeiting gang, but I could not make any such admission because it was not true."

Riedelbach's San Luis Obispo record was learned by Detective Vercy

when he went to that city last week to bring a prisoner back to Los Angeles. He did not come to see me, but she didn't bring a flower. Had she brought me one, and talked nice to me, it would have made a different man of me for I felt keenly my first arrest. If mother had only brought me a flower instead of cruel words, I would have been a better man. All I needed was a little flower."

TRAIL OF DYNAMITER IN SAN LUIS OBISPO.

Another chapter was added yesterday to the criminal record of Carl Riedelbach, alias Carl Warr, alias George Spencer, alias George Wilson, the dynamiter, when it became known that on March 20, 1911, he was arrested at San Luis Obispo for attempting to pass counterfeit money.

PASADENA, Nov. 25.—Avalon

Crash, who the police believe to be

the murderer of J. W. Foss, found

lying with his throat cut Nov. 13

on North Broadway last Saturday night

was given up by his father yesterday.

The fugitive managed to reach his

home at Chino without encountering

any of the many officers on his trail.

He knocked on his front door at 3

o'clock in the morning and was let

in. At 10 o'clock Frank Crumley, the

father, telephoned to Chief of Police

Wood to come and get him.

The search was still in progress

when the Chief's telephone bell rang.

He answered it and learned that the

elder Crumley was speaking.

"I've got the boy," he said.

What transpired between father

and son is not known. Both are re-

leased. When Chief Wood and

Patrolman G. T. Crook arrived at

the house at noon they found the man

they wanted, who is but 19 years of

age, awaiting them inside, and his

parents in tears. They brought him

back to Pasadena at once and locked

him up in the City Jail, where he is

held.

As the officers were leaving the

house in Chino the prisoner's mother

walked up to him and, putting her

arms about him, said that she would

rather see him in the City Jail than

in the predicament in which he stood.

The father silently climbed into the

automobile and came on his way.

Young Crumley said little on the

way, or after his arrival at the jail.

Once, when the automobile was halted

for a few minutes, he complained

that the wind hurt his eyes. He is

slight of build, dark-complexioned,

and his lips turned severely.

INGLEWOOD IN FIGHTING TOGS.

Suburban City Is Not Pleased With

Existing Rates and Service Fur-

nished by the Pacific Electric.

INGLEWOOD, Nov. 24.—City At-

torney Robert Young has happened on a

position at the direction of the City

Trustees to be brought in an action

against the Los Angeles Street Rail-

way Company before the State Rail-

way Commission calling attention to

the "unfair and discriminatory fares

charged between Los Angeles and

Inglewood," and asking the commis-

sion to readjust rates on a fair basis.

From the city limits the Inglewood

Rock, it is cited, a passenger can ride

to the southwestern city limits, a dis-

tance of twenty miles, for 2 cents,

but for the remaining two miles to

Inglewood an additional fare of 10

cents is charged.

The trustees have taken up the

matter with the railway company,

which refused to do anything, and

has now taken it before the com-

mission.

DRINK HABIT

CURED AT HOME

The Neal Drink Habit Treatment Can

Be Successfully Administered By

Mother, Sister or Wife, in Privacy

of Home.

Many men and women fear the pub-

licity of going to a sanitarium for

treatment for drink habit, or cannot

spare the time and money to make

the trip if they reside at a distance

from a Neal Institute, and not with-

standing the fact that each patient

who takes treatment at a Neal Institute

has a private room, and all matters

regarding his treatment are confiden-

tial, many prefer a treatment admin-

istered at home. If for any reason

patients cannot, or will not, come to

the Los Angeles Neal Institute for

treatment, the same treatment can be

administered at his or her home by

the family physician, wife, mother or

sister. Therefore, there is no good

reason why drinking men should con-

tinue to poison themselves with alco-

holic liquors when the appetite, crav-

ing and necessity for drink can be

so easily removed. The Neal Drink

Habit Treatment is a harmless, veg-

etarian remedy, always administered in-

ternally—painful, dangerous hyper-

emotional reactions are never used—

and requires only three days of the patient's

time either at the Neal Institute, or

at home.

Remember, there are no "secret

treatments" for drunkenness and you

are taking great risk administering

such remedies. Also, wasting both

time and money taking "sobering-up

treatments."

To Be Given Away By the Maier Brewing Co., Inc., to
AMATEUR POETS
For the Best
"TONIC LAND JINGLES!"

A Contest of Wits. Are YOU a Poet?

This contest is to give every man, woman and child on the Pacific Coast, Arizona, New Mexico, Nevada, and the Hawaiian Islands an opportunity of knowing the sterling virtues of that greatest of all tonics—Maier's SELECT Malt Tonic—a food and drink for tired, worn-out, run-down humanity.

The rules of the contest are very simple. All you need is a sharp lead pencil, a piece of paper, a Maier Malt Tonic Book—(free on request)—and labels from two bottles of our Select Malt Tonic together with name of your druggist dealer. The reward for a clever jingle is worth going after!

We ask all would-be prize-winning "Jingle" writers to send for the Maier Malt Tonic Book, so they will know all about the tonic, what it does for tired, run-down, overworked people, and how it makes them strong and vigorous. It will be a help, and an inspiration to the "Poets."

Maier's Select Malt Tonic—

Brings back Vim, Vigor and Vitality—renews that vibrant youthful feeling, and enriches the blood. We take this unique plan of giving it a wider acquaintance and shall offer \$500 in gold divided into prizes as follows: 1st prize, \$100—2nd prize, \$75—3rd prize, \$50—4th prize, \$25—15 prizes of \$10 and 20 prizes of \$5.00, for the best

TONIC LAND JINGLES

Here is a Sample Jingle. Can You Write a Better One?

These are the kids of Tonic Land,
Their muscles grow to beat the band,
Their food and drink isn't cooked or canned—
It comes in bottles in Tonic Land;
They are proud little folk, and select as can be,
They were raised on "Select" T-O-N-I-C.

Rules of the Contest

The jingles must be written on a plain sheet of paper, with the name and address of the writer plainly written at the bottom. This sheet must then be placed in an envelope and mailed to MAIER BREWING CO., INC.

"Jingle Contest," Los Angeles, Cal.

These jingles will then be carefully filed in a safe place until the day comes for the judging by a committee of business and professional men, whose names will be given in a later ad. At a given date, these jingles, having been stamped on the day and hour when received, will be handed to the committee

who will pass on the merits of the jingles submitted. The winning jingles will be voted upon and the best will receive the first prize—and next best second—and so on, until the entire list has been gone through. We reserve the right to pass on the winners, after the committee has selected them, to assure ourselves that those jingles chosen will be suitable for advertising purposes. This is the only condition we attach and we believe it is a fair one. Employees of the Maier Brewing Co. and their families will not be permitted to participate.

Battle of the Year for the
Local College Men.

Hopes Are Strong Pending
Thanksgiving Contest.

Berkeley Champions Out of
Former Condition.

Thanksgiving Day the U. S. C. Trojans will make their last stand of the intercollegiate season against the University of California on Harvard Field.

It has been a long, hard season for the Methodist Braves, with every game an up-hill battle and defeat starting them to the foot nearly every time the referee's whistle sounded, but this game with the Berkeley Bears is one in which all scores are to be settled.

There are several reasons which point to this game as the best contest of the Rugby season. The competition will undoubtedly be keen and on a far more even basis than in any of the previous games this fall.

The California varsity cannot possibly be in as good physical condition, which it had for the big Stanford game, since that memorable occasion the northern team has broken training with quite a resounding thud. It is almost impossible for any team to remain in its best condition and form in two weeks, once that form has been attained in the season. However, it will not do to bank too much on the fact that California will not be in good shape. The team is composed of a splendid combination of fighters, and the forwards are said to be the greatest in the country, while the back field is capable of playing open, fast Rugby when necessary. The fact that the northern forwards are so good will develop one of the best features in the contest.

POWERFUL SCUM.
Coach Manning has developed a great scum this year. In fact, it is the best part of the Trojan team, capable of fighting to the last ditch and always playing a brilliant game. Now for the first time this year we will see the famous Trojan pack up as a problem.

If Manning's scum can take the ball away from the Bears in the coming game, part of the struggle will be won. Through the entire season Toolan and Livernash have been taking the ball away from their opponents. It is to be hoped they will let the good work go on.

The U.S.C. team has been in rather

a bad slump during the past week, as was shown in the practice games with Poly and L.A.A.C., although in neither game did the full varsity team play. The work of the team in these two games was rather streaky, although the backfield gave evidence of more form than any time before this year.

CHANGES MADE.
There have been several shifts made in the back field in these games, the results of which have been generally for the best. The addition of Dorn to the backs at second five, and the shifting of Lenz to center three, makes for more certain and offensive play, and renders it less of a gamble.

Len Livernash was tried out on wing last week and proved to be a good ground gainer when given the ball, but his value to the front rank will preclude his playing here in the California game.

Russ Meadows, who has been on the hospital list for the past two weeks, is again fit, and will play his old position of left wing in this game. Of course cool-headed Scott will be at full, with reliable Tommy Davis on the other wing.

Coach Manning says that he will be ready today with his full varsity squad, as all of the cripplés have discarded their crutches and are ready for hard work. Ober, Capt. Adamson, and Fred Teschke will all be on hand for the final shaping of the team, and unless some unforeseen jinx appears on the scene, the strongest Trojan varsity of the season will face the California Bears next Thursday afternoon.

FRANCE TO STAGE BOXING DRAMAS.
[By Wireless Line to The Times.]
CHICAGO BUREAU OF THE TIMES, Nov. 24.—[Special Dispatch.] Indications are that the world's middleweight title battle will be fought in France instead of the United States. The French federation of boxing has taken up the matter of the middleweights and is endeavoring to bring about a meeting between the aspirants to the championship during the present season. Leon See is one of the moving spirits in the organization. He is making efforts to get Frank Khan, Billy Papke, Jim Sullivan, Marcel Moreau (a former French champion), Eddie McGee, Mike Gibbons, Jimmy Chabby, Lee Houck and Jack Dillon in line for battles on French soil. Chabby is wanted to meet Moreau and Bernard, Frenchmen, and Chabby's manager has agreed to send Jimmy across the water to meet several aspirants provided a sufficient sum is offered.

The lightweight situation can stand considerable clarifying. Even with Wolgast acknowledged as champion, the Queenberry map is populated with contenders as to who is the best lightweight in the world. Things are really in an awful muddle. Although he has taken on all the tough ones, Wolgast has not convinced all ring followers that he is as good as he was before he yielded his title to the surgeon's knife. He fought Ritchie. It was a four-round "try-out," and it was a strenuous one. Ritchie gave out as he received. The champion then took on Joe Rivers, regarded at that time as the most dangerous of the bunch. While

ALL ABOARD! LIGHTWEIGHT CHAMPIONS ALL FIGHT ON THURSDAY.

BY HARRY A. WILLIAMS.

Wolgast, to my way of thinking, satisfactorily demonstrated his superiority over the Mexicans up to the final round, the unsatisfactory ending and the report that Wolgast had collapsed at the finish, left a cloud on his title in the minds of some. As then was the case with Mandot down in New Orleans, it was a ten-round, no-decision affair. Reports of the fight were rather conflicting with Mandot receiving the "newspaper verdict." Wolgast does not shine in a short bout, and these cannot be accepted as a certain criterion of what he would accomplish over the twenty-round round.

All this time the three contenders were moving in the identical fashion. Ritchie paid his respects to Mandot in the Crescent City. He handled Joe very roughly. Ritchie says that the whole proposition was talked over quietly at the close of the 1912 playing season, and that it was again discussed at length at the minor league's convention in Milwaukee. The story of the invasion, however, "leaked out" from Omaha, and publicly served to cause those at the head of the proposition to scurry to cover and issue denials. They even argued that the plan was not feasible and perhaps never would be. Just how much in earnest these baseball leaders were at first is a matter of conjecture.

After President Tip O'Neill of the Western League came out with a strong statement against any scheme that would tend to make the league outlaw, and President Chivington of the American Association also attacked the plan, other big men in the two baseball organizations began to use the hammer on the plans. It is generally believed that the invasion talk will not be heard again this winter.

BEACHY MEANS TO LOOP IN AIR.

Outlawed Aviator Scores Critics, Saying He Proves Theories of Inventor Only to Be Barred by Competitors—Gunn and Kearney Will Fly at Ancon Park.

That it is possible to execute a complete loop in the air, and that he has with him a biplane of unusual strength, built especially to perform that feat, was asserted by Lincoln Beachey last night. This was Beachey's ambition when he was in Los Angeles for the meet last January, and he has been working up to it ever since that time.

He has with him for the local meet, where it will be used for the first time, a biplane more than twice as strong in every part as any yet built in America. The wires, struts and controls are doubly strong wherever a strain occurs, and with it Beachey says he will be able to turn an aerial loop.

The aviator is bitter over his treatment by the Aero Club, and considers that he is the victim of a clique of "rocking chair flyers." "When I am willing to prove the contentions of the inventors of flying machines, the so-called authorities declare me a lawbreaker. It doesn't set well for a man who takes the risks of flying to be ordered what to do and what not to do by a bunch of clubmen who know nothing about the practical side of aviation."

"They have been saying that I am impossible, and I have been doing them, and then they say that's all there is about it. A man would starve to death waiting to fly at sanctioned meets, as they only have one a year, and there is not any too much money at that."

"I believe the greatest advancement in aviation this year is this new idea here in Los Angeles of bringing the flying field in where all conveniences and a cheap crowd make it possible for the crowds to get out. People want shelter and other advantages and they don't like to make a long journey to go where the flying is. I think the Los Angeles scheme as embodied in the Ancon Park meet will be initiated all over the United States."

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

San Bernardino THIRD EFFORT SUCCESSFUL.

San Bernardino Man Inhales Gas and Dies.

Body Found Four Days After the Tragedy.

Congressmen Will Investigate Conditions.

SAN BERNARDINO, Nov. 24.—Because of melancholia from the loss of a wife, and after two former attempts to end his life, John Hansen was found dead in his room at the Skyland Heights resort, where he was formerly proprietor, on Sunday morning. His body was discovered late last night by a neighbor who went to investigate a noise. Hansen, who was 46 years of age, was found lying on his back, his head against the wall, with a gas mask over his face. The cause of death was determined to be carbon monoxide poisoning from a gas leak in the room. Hansen's wife, who had died several years ago, was also a resident of the resort. The tragedy has caused a great deal of concern among the resort's guests and staff. Congressmen are expected to arrive in San Bernardino today to investigate the conditions at the resort.

LAWMAKERS VISIT.

San Bernardino, Nov. 24.—A group of congressmen, including Mr. C. C. Young, of California, and Mr. J. W. Doolittle, of California, arrived in San Bernardino today to investigate the conditions at the Skyland Heights resort. They are expected to stay here for several days, during which time they will hold hearings and interview the resort's management and staff. The investigation is being conducted in response to a report that the resort's conditions were unsafe and unsanitary.

MADE IN SAN BERNARDINO.

San Bernardino, Nov. 24.—A new machine built by Carl Hansen, of San Bernardino, has been patented. The machine is a type of gas mask that is designed to protect the wearer from carbon monoxide poisoning. Hansen, who is a local inventor, has spent several years developing the machine. He claims that it is the most effective gas mask ever invented. The machine has been tested and found to be effective in protecting the wearer from carbon monoxide poisoning. Hansen's invention is expected to be widely used in the future.

NEWS BRIEFS.

San Bernardino, Nov. 24.—The city of San Bernardino will hold a public hearing on Monday morning to discuss the proposed new school building. The hearing will be held at the city hall, and all interested parties are invited to attend. The proposed building is a large, modern structure that is expected to cost several hundred thousand dollars. It is expected to be completed within a few years. The city council will also hold a meeting on Monday to discuss the proposed building. The council is expected to make a decision on whether to approve the building.

PEOPLE WHO DESTROYED.

San Bernardino, Nov. 24.—The old San Bernardino County Jail, which was built in 1880, was destroyed by fire on Sunday morning. The fire started in the kitchen and spread to the rest of the building. The jail was a large, two-story structure that had been used as a prison for many years. It was expected to be replaced by a new jail building. The fire caused a great deal of damage to the building, and the contents were lost. The fire department arrived quickly and fought the fire for several hours, but it was not possible to save the building.

NEWS BRIEFS.

San Bernardino, Nov. 24.—A group of Japanese, who have been living in the city for several years, are expected to leave for Japan. The group consists of about 20 people, including men, women, and children. They are being sent to Japan by the Japanese government. The group is expected to leave for Japan within a few days. The Japanese government is providing the group with money and supplies for their journey. The group is expected to arrive in Japan within a few weeks.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

ANOTHER JUDGE NEEDED.

Orange County Grand Jury Will
Represent Needs of Section to the
Next Legislature.

SANTA ANA, Nov. 24.—When the grand jury meets this week one of its duties will be to make a recommendation to the State Senator-elect Anderson and Assemblyman-elect Wessel for changes in compensation and deputyships of county officers. Anderson will present to the grand jury a proposal to establish a new judgeship in this county. At present this county has but one judge, and the court work has grown to such an extent that the court has little time for the trial of civil cases, the calendar being crowded with criminal cases. Two years ago the Bar Association was almost unanimous in passing a resolution asking for a new judge in this county. The measure was not passed, and the necessity is now more apparent than it was then. Owing to the growth of the county, the opening of many subdivisions, the cutting up of property and the increase of registration by the addition of women as voters, the work in many of the offices will be given additional office help.

WIRE CAUSES TROUBLE.

Telephone Wires Downed Catch
Automobile and Two Occupants of
It.

UPLAND, Nov. 24.—Willis Mehl and James Sourin, two young business men of this city, were victims of a somewhat peculiar accident, yesterday afternoon. While riding on Chapman avenue at the eastern city limits in an automobile, they encountered a bunch of "downed" wires of the local telephone company, across the road. They were going at about twenty miles per hour, and were into the mesh of wires before they were aware of the danger. The top of the radiator and wind shield were ripped off and broken, and when the car was finally stopped the occupants of the car found themselves jammed through the broken glass of the windshield. Mehl was painfully cut about the head and face, but Sourin escaped with a few slight scratches.

STORM WATERS.

A vexing question which confronts the city-dads of Upland is the proper drainage of storm water. Owing to the pronounced drop in the altitude of the north and south limits of this city the waters rush pell-mell down the narrow streets, causing in some cases actual damage from overflow onto adjacent ranches or sustained by the city. Such cases are being recorded with the city fathers, and the problems to find some equitable solution of the matter, fair to all concerned.

COMPLETES SEASON'S RUN.

Analabon Sugar Factory Closes
the Most Successful Year in Its
History—Wild Man Is Taken.

ANAHEIM, Nov. 24.—The Anaheim Sugar Factory has completed the season's run of beet slicing. The season has been successful from every point of view. The campaign commenced August 16 and since that time the big mill has not ceased running. Although the beet slicing has ended, it is necessary to keep the plant in operation until the last of the season. The factory has been in operation 100 days, and in that time has sliced 40,000 tons of sugar beets. Two hundred and forty men have been employed in the operation of the mill, and the monthly payroll has averaged \$10,000. A force of only fifty men are now to be employed for two months, when the plant will be overhauled. Beets are being received with the city fathers, and the problems to find some equitable solution of the matter, fair to all concerned.

WILD MAN CAUGHT.

Emaciated, barefooted, clad in tattered rags, unable to converse coherently and plainly near starved, a veritable wild man was brought to the city yesterday. The man was captured by Williams at his mountain ranch above Olinda. Mr. Williams says the man has been in hiding among the hills of his ranch for the last three years. While Williams was riding in the hills and started upon a quick after some of his cattle, he saw a man sitting on a boulder. The stranger ran as soon as he caught a glimpse of Williams, and hid behind a pile of brush. In a tactful manner Williams soon succeeded in getting near him and gaining his confidence.

How to Tell If Your Hair is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. Pull a hair out of your hair; if the bulb at the end of the root is white and shrunken it proves that the hair is diseased, and needs prompt treatment if its loss would be avoided. If the bulb is pink and full the hair is healthy.

NEW CHURCH DEDICATED.

Monrovia Baptists Hold Three Services and Consecrate Building to Religious Uses—Brother Speaks.

MONROVIA, Nov. 24.—Impressive services today marked the dedication of the newly completed First Baptist Church, which was today formally consecrated as a house of worship by three periods of religious service. The first session, at 11 o'clock, was presided over by Rev. Leon Tucker of the Calvary Baptist Church. After the sermon, Mr. F. N. Haves, chairman of the building committee, gave a brief account of the financial condition of the church, together with an explanation of the plans adopted by the committee to liquidate the remaining indebtedness of the new house of worship. At 3:45 the dedication service proper was held, the sermon being delivered by the Rev. J. Whitcomb Broun, pastor of Los Angeles Temple Baptist Church. At the evening service the congregation was again present, and the church was dedicated to the service of the community.

WOMEN AND WAGES.

[Enslaved Enterprise] A man can start out any day and make an hour and thirty minutes, he can engage a woman to work for him for life at nothing a week. On the other hand, it will take him two weeks of solid searching to find one to work at fair wages and board.

through the show, also does well, though one suspects him of having some difficulty in appearing so black-hearted.

In fact, the whole cast is remarkably good. Elizabeth DeWitt, Nancy, the quondam housekeeper, Carrie Clarke Ward as Aunt Martha, and William Wheeler as Lawyer Pitts, deserve special mention. Richard Darbee and Dehl Davis give promise of excellent work as juveniles.

Sharing the slip which she must always expect at first performances, and with a new company, "The White Quartette" is a feature which to many was the best part of the show. The boys are great singers, and score a knockout.

Scientifically, one might prefer cotton fields instead of New England pasture lands, but this sort of traditions is stored for in the reality of the farm on the river, and the general excellence of the entire production.

An eleventh-hour notice from the Orpheum is to the effect that Mrs. Maria Galvani, a soprano, will not headline the show this week as announced, and that the Hawaiian Islanders will hold over instead. However, with Amelia Bingham and Frank Morrell in the show, the rest of the entertainment really doesn't count for a great deal, anyway.

"The Escape" stepped out of its first month and into the second at the Parkbank Theater yesterday afternoon, when the Paul Armstrong play that has caused so much discussion and attracted such vast audiences engaged upon its fifth week.

One of the really interesting offerings of the current theatrical week is the first appearance tonight of Bert Lytell with Evelyn Vaughan, Francis Ring and the Belasco company in Arnold Daly's famous success, "The Regeneration," a dramatization of Owen Kildair's famous novel, "My Mania Rose," in reality the life story of the author.

"La Danse Au Violon" featuring Miss Irene Andre and Louis Alvirine and with a company of ten beautiful young women violinists and dancers, will be the headline feature of the all new Sullivan and Condon bill opening at the Empress Theater this afternoon. The second feature of the new bill will be the famous, acrobatic comedienne, Collina and Hart, while other fine new acts and the new comedy and news pictures will complete the programme.

The postponed recital at the Auditorium will be given by Juan de la Cruz and Mme. Doria next Wednesday evening. Dr. Hagan has given per-

mission to the talented mezzo to sing at that time and is sure that he will be fully recovered. This is the first time in ten years that Mr. de la Cruz has ever been compelled to postpone an advertised recital. In the grand opera field in Europe he is considered a "pure artist," one who never disappoints. Mme. Doria has been equally fortunate in her engagements.

ALL "Johnny Coats" Underpriced!
The Lowest We Have Marked Them This Season

—a sale including every garment in our entire stock—really a little unusual considering the popularity "Johnny-coats" have possessed—and the comparative length of service and stylishness they will still enjoy! But we prefer to effect an immediate clearance at a time when they are seasonable and in demand—than to hold them longer for possible profits. An opportunity for EXCEPTIONAL SAVINGS!

—offering you choice of EVERY model in our assortment—all dainty, colors and qualities—

—handsome effects of velveteen, chinilla, sponge, looped drape, onyx, mixtures, waffle-cloths, and novelty weaves. In black, blue, brown, tan, white, gray and mixtures. Some plaid-backs others with satin linings that serve for fancy collar-and-cuff facings.

—THE UNDERPRICINGS WILL BE:

—\$16.00 "JOHNNY" COATS reduced to \$11.00

—\$20.00 "JOHNNY" COATS reduced to \$14.00
